

SPOTLIGHT ON MEDICAL TECHNOLOGY

A career with a future at
a family-owned business

DÜRR DENTAL South East-Asia SDN BHD is a full sales subsidiary of the German Dürr Dental SE. As technology leader in its field of business, the Dürr Dental group with its more than 1.400 employees develops, produces and sells system solutions and services for the health sector with an annual business turnover of more than € 381 million with customers in 174 countries in 2025 all over the world.

Lead/Senior AI/ML Cloud Engineer (m/f/d)

In response to the growing trend of digitalization in the dental industry, we are expanding our software development presence in Malaysia. This strategic expansion aims to enhance our portfolio of AI based and cloud based software solutions for the dental market.

Your Responsibilities:

- design, build, and operate cloud infrastructure and backend services that reliably serve ML inference workloads at scale
- design, implement, and operate the platform components and automation needed to manage production ML workloads
- collaborate with data science and product teams to deliver production-grade AI services
- enhance observability, performance, and reliability through monitoring, alerting, incident response and continuous improvement
- lead architecture reviews, establish engineering standards, mentor engineers, and drive reusable platform patterns across teams

Requirements:

- proven experience in cloud platform engineering, infrastructure development, or ML systems deployment
- strong Python skills (or similar languages) for backend and infrastructure automation
- hands-on experience with Kubernetes, Infrastructure-as-Code (e.g. Terraform), CI/CD, and containerized workloads
- expertise with AWS, GCP, or Azure, including compute, networking, storage, and managed services
- excellent communication skills and demonstrated technical leadership
- bachelor's or Master's degree in a STEM field or equivalent practical experience
- nice to have: distributed systems, ML model serving frameworks, observability, security practices, or cost optimization

Our Offer:

- Opportunity to work with the latest technologies and tools
- Creating a modern cloud-based AI solution
- International team environment
- Competitive salary
- Hybrid work week
- Modern office environment

If you want to be part of a dynamic company that values and encourages its employees, please submit your full application with your salary expectation and earliest starting date online: duerr-career.com
